CITY, SCHOOL BOARD RECEIVE \$37,000

Record Budget Is Approved By Council; Hiring Done

The Murray City Council last night approved a city budget of \$401,000, reemployed a host of city employees, and re-elected the City Clerk Stanford Andrus, City Attorney Wells Overby, City Treasurer James Thurmond. All of the latter three posts are for two year terms.

The proposed budget was handed out at the last meeting and it included anticipated income of \$230,000 from the Murray Electric System in lieu of taxes, a check for which was received this week by the city.

The budget shows anticipated income of \$201,000 from property and poll taxes and \$14,000 in franchise taxes. Privilege licenses (licenses for doing business) will bring in \$40,000; city stickers \$63,500; police court fines \$30,500; parking meters \$28,000; cemetery lots \$2,000; building permits \$6,000; the city parking lot \$2,000 and the Sanitation System \$90,000.

Administrative and executive expenditures will cost the city next year \$39,700. The police department will cost \$96,425 and the sanitation department \$94,000. Equipment purchases will inflate the sanitation system expenses.

Other expenses such as insurance (Continued on Page Six)

Increased Rates For Mail To Go Into Effect On January 7

Increased rates for all classes of mail except parcel post and international mail will go into effect January 7, Postmaster Lester Nanny reminded postal customers today.

"Even with the new rates of six cents for first-class mail and 10 cents for air mail, postal service is still a real bargain," Postmaster Nanny declared. "For six cents you can send a letter to any of the 50 States, to any United States territory or possession, to Canada or Mexico, or to an American serviceman stationed anywhere in the world."

Nanny pointed out that the new rate for post cards will be five cents and for air mail post cards eight cents.

He said the added cent in the letter rate is a 20 per cent increase compared to a 24 per cent boost in the rates for mailing newspapers and magazines and a 34 per cent hike for advertising circulars, "occupant" mail, and other material in the third-class category.

The new rate of six cents per ounce for first-class mail applies up to 13 ounces and the new rate of 10 cents per ounce for air mail applies up to 7 ounces. Under the new rate structure all first-class mail over 13 ounces and all air mail over 7 ounces will be merged into a single category.

These heavier pieces of first-class and air mail subject to the single rate schedule will be delivered by the fastest available means of transportation.

A flat rate of 80 cents will be charged for all mail in this category up to one pound. For all mail weighing more than one pound, the present air parcel post rates will continue to apply, except that the postage on matter weighing between one and five pounds will change at half-pound intervals rather than one pound intervals.

Nanny said that the new rate structure will mean a reduction of postage on some parcels.

Another rate change that will affect the general public is the increase from four to six cents for the first two ounces of individual pieces of third-class mail. Unsealed greeting cards may be sent at this rate, Nanny said.

He emphasized that the new rate on unsealed greeting cards will not go into effect until January 7 and until then they can be mailed at the old rate of four cents.

Nanny also noted that effective January 7 special handling will be available on third-class parcels weighing between eight and sixteen ounces. Special handling has not been available on these parcels since 1966, when packages weighing between eight and sixteen ounces were transferred from fourth to third-class mail.

There will be no changes in the charges for special delivery, special handling, registered mail, certified mail, cash on delivery or insurance, Nanny said.

"We have an ample supply of one-cent stamps on hand," Nanny said, "for those people who have five-cent stamps and need one-cent stamps to make up the postage required under the new rates."

Higher rates also will go into effect January 7 for all categories of second-class mail, bulk-rate third-class mail, controlled circulation mail, and the educational materials category of fourth-class mail. Mailers using these classes who need information on the new rates should contact the local Post Office, Postmaster Nanny said.

Nat Dortch Speaker For Rotary Club

Nat Dortch, former Rotary District Governor was the speaker at the Murray Rotary Club yesterday. He was introduced by R. L. Ward, who was in charge of the program.

Mr. Dortch spoke on the Rotary Foundation and reviewed its past history. He explained that the Foundation was a rather loosely organized project in 1917 with its aims rather vague. The first contribution by a club was for \$28.50. The Foundation did little for several years until the death of Paul Harris, founder of Rotary, gave the project new life and money. The Foundation today receives over one million dollars a year from Rotary Clubs over the world.

The purpose of the Foundation is to send young people to some country other than their own, for a year of study in their chosen field. All expenses are taken care of by the fund. The young people speak to Rotary Clubs while they are on this one year scholarship, then on their return home they agree to speak to clubs in their area for a year, to tell about their experiences abroad.

Through this exchange of young people, greater understanding of one another can be achieved, Dortch said.

Over 2400 students from many nations have received these one year scholarships, since the program was started he said.

Mr. Dortch explained several other similar programs carried out by Rotary International.

Guests at the club included John Reid, guest of Harry Fenton; Ronald Stealy, guest of Wilson Grant; Ronald Churchill, Jr. guest of his father, and Ken Kremer, guest of Bob Perry.

CLOSED MONDAY

The Postoffice will be closed Monday, January 1, in observance of the New Year's holiday.

Postmaster Lester Nanny said there will be no rural or city delivery; however the lobby will be open for the deposit of mail and for the use of the lock boxes.

Business Firms To Close For Holiday

New Year's Day will see practically every retail store in Murray closed up tight. Some grocery stores, service stations and restaurants will remain open, but apparently nearly every other business will be closed.

All city, county, state and Federal offices will be closed Monday.

The Ledger and Times will not publish on Monday, January 1, in order that employees of the daily newspaper may spend the holiday with their families.

The Public Library will not be open on Monday. City Police will be on duty as usual, as well as firemen at both the downtown station and the sub-station.

Sheriff Cohen Stubblefield may be reached at home or through the City Police.

Bishop Finger Will Speak Here Sunday

Bishop Ellis Finger will be special speaker at the consecration service at the Masonic Church Methodist Church on Sunday, December 31, at 9:30 a.m.

The special service will be for the dedication of the new church building that was completed last year by the congregation of the church located east of Hazel.

Rev. Guy Carver, pastor of the church, invites the public to attend this special consecration service.

Car Runs Truck Off The Road

The Sheriff's office investigated a truck collision yesterday about noon on U.S. Highway 641 South. Deputy Harry Kelso said a truck of the Lewis Arrington Company, Atwood, Tenn., was going south toward Hazel when a car, driver unknown, crowded the truck off the road. Kelso said the driver lost control of the truck and the front wheels were knocked from the truck.

The driver of the truck was not injured.

Electric System Pays 66-67 Taxes, Based On 1965 Payment

The Murray Electric System has turned over checks amounting to over \$37,000 to the city of Murray treasury and to the City School System.

The City of Murray received a check for \$23,000 and the City

Nat Ryan Hughes
... Power Board Chairman

Since the electric system has always been assessed at 100 per cent, its in-lieu-of-tax payments took a drop of about two thirds, because when assessments were raised to 100 per cent, the tax rate was dropped in order that about the same amount of tax revenue would be received by the cities, counties and state.

Both the city and the city school system found themselves in a difficult situation when suddenly faced with the prospect of this drop in income.

The Murray Power Board, composed of Murray citizens has cooperated with the city and school board in an effort to alleviate the situation and indicated their desire to pay the 1966 and 1967 taxes on the same basis as in 1965. This would give both the city and the city school board an opportunity to adjust, over a two year period, to this loss in revenue.

Nat Ryan Hughes, chairman of the Murray Power Board communicated with the TVA Board of Directors in an effort to obtain their approval of such a financial arrangement and Governor Ned Breathitt was also called on to add his effort and influence.

Murray is the first city in the Tennessee Valley to achieve such a financial arrangement and has set the pattern which may be followed by other cities in the area including Hopkinsville and Paducah.

The check handed to the city represents the difference in taxes paid under old arrangement for the years 1966 and 1967. The money received by the city school

system represents only the year 1966. A similar payment will be made to the city school system for 1967 as soon as proper billing is made.

Mayor Holmes Ellis expressed his pleasure last night at the City Council meeting at receiving these funds. He praised members of the Murray Power Board for their cooperation and efforts. Fred Schultz, Superintendent of the Murray City School System said that he was most pleased at the way the entire circumstances were concluded. He too expressed his appreciation for the action and attitude of the Murray Power Board.

The board is composed of Nat Ryan Hughes, Chairman, Olsen Thurman, Jr., Boody Russell, Gene Landolt, and Leonard Vaughn. Mr. Vaughn is a member of the Murray City Council and is the chairman of the council Water and Sewer Committee.

One Injured In Accident On Thursday

Kentucky State Police Trooper Charles Stephenson of Murray investigated two accidents on Thursday with injuries being reported to one person.

Mrs. Kathryn Mary Hess of Kirtland, Mo., was going west on Highway 68 at Canton at the Barkley Lake bridge, apparently went to sleep, and her car went off the road with the front end of the car going into the water of Lake Barkley.

Trooper Stephenson said Mrs. Hess, age 46, was taken to the Tripp County Hospital at Ocala where she was treated for cuts and bruises.

Mrs. Hess' two children, John Phillip and Patricia Kay, were in the 1963 Chevrolet with their mother, but they were reported not injured. The accident occurred at 6:25 a.m. Thursday.

Yesterday at 11:55 a.m. a two car collision at the intersection of Highway 94 and 732 in front of Earl Lee's Grocery was investigated by Trooper Stephenson, but no injuries were reported.

Damage to the Shelton car was on the right front and to the Emerson car on the right side.

New Year's Revival Will Begin On Sunday

The Chestnut Street Tabernacle Protestant Church of God at Chestnut and Cherry Streets, will begin a New Year's revival Sunday night, December 31.

Rev. C. E. Thompson of Duncan, Oklahoma, who held a crusade in the church last August, is returning as Evangelist for this meeting.

Sunday night, December 31 will be a "watch-night" service beginning at 7:30 p.m. and continuing until midnight. There will be special music and singing, old time preaching and other special features.

Revival services will follow nightly at 7:30 p.m.

The public is cordially invited to attend all of these services. Rev. John DeWater is pastor of the church.

Mayor Holmes Ellis

FRIDAY — DECEMBER 29, 1967

INDEPENDENT CONGRESS

In his regular column in the Memphis Commercial Appeal Sunday, the newspaper's Washington correspondent, Morris Cunningham, made some pertinent comments on Representative Wilbur D. Mills (D-Ark.) and the meaningful contribution he has made toward reasserting the independence of Congress.

As chairman of the House Ways and Means Committee, Mills and a majority of his committee have withstood heavy pressures and stood firmly by the conviction that spending cuts should come before a tax increase.

Because we feel that Cunningham made some mighty good points that will be of interest to our readers, we are taking the liberty of quoting from a portion of his Sunday column:

"The President miscalculated very badly when he apparently assumed he could go over Mills' head, to the people and the Congress through TV, newspapers, and the famous LBJ arm-twisting, and force Mills to agree to a tax increase without substantial cuts in spending.

"Time and again the President pleaded that without the cooling effects of a tax increase the economy would become overheated and produce harmful inflation.

"To this Mills consistently replied that the economy should first be cooled by reductions in federal spending. Then and only then should a tax increase be considered.

"In an era when Congress is bowing ever more often to the will of the Executive Branch, the normal procedure would have been for Mills and his committee to have yielded. There would have been some face-saving doubletalk about cutbacks in spending and the committee would have given the President his tax bill.

"Certainly this would have been the case with most of the committees of Congress if faced by a demanding, persistent president.

"Yielding to the president's demands is a particular forte of Appropriations Committees. The procedure here is for the House committee to trim the president's money requests, for the Senate committee to restore or even go beyond the president's proposals, and then for conferees, composed of several members from both committees, to agree upon a compromise figure very close to what the president wants. The emphasis is upon wants, rather than asks, because presidents have been known to play the game by asking for more than they really expected to get. It is a cozy little operation in which everyone benefits but the taxpayer.

"Taxpayers can hope, but not much, that the Appropriations Committees will take a cue from Mills and his Ways and Means Committee and demonstrate an equal degree of independence in considering the president's requests for appropriations.

"There would be less cause for concern over the economy if the Appropriations Committees would take note that the nation is engaged in a bigger and more expensive war than the 1952-54 Korean conflict and would make bigger cuts in non-defense expenditures than have been made so far.

"Largely overlooked in the dispute between Mills and the President over taxes and spending has been the undisputed fact that the Senate and House Appropriations Committees must approve every dollar of federal funds appropriated by Congress.

"Mills has made a contribution. He could use some help."

Income Tax

Questions & Answers

Q — I took a loss on some shares of stock I sold this year. Can I deduct this on my income tax return?

A — Yes, losses on the sale or exchange of capital assets such as stock can be deducted for income tax purposes when they exceed capital gains.

The loss, whether short or long-term, must first be used to offset any similar capital gain you had during the year. Then any net capital loss can be used to reduce your taxable income up to \$1,000.

Capital losses in excess of \$1,000 can be carried over to future tax years. Schedule D of Form 1040 is used to compute capital gains and losses.

Q — Where should I send my January estimated tax payment?

A — Check the notice you received indicating the amount you owe. It will indicate where the payment is to be sent.

Q — I started my own business last year and have a few people working for me. When do I have to get withholding statements to them?

A — The law requires employers to issue them by January 31. Many employers try to get them to employees as soon as possible after January 1 so they may file tax returns early.

Note that if any employee leaves you during the year, you must furnish him with a W-2 statement within 30 days of his final day of employment.

Q — If I make a charitable contribution by check before the end of the year can I deduct it on my 1967 return even though the check is not cashed until 1968?

A — Yes, you should take the deduction in the year you gave the check provided it's dated for that year.

Q — Tips make up a good part of my income. Will they be included with my wages on the W-2 my boss gives me?

A — If you report tip income to your employer for Social Security purposes it will be recorded on your W-2 statement. Any tip income not included on your W-2 statement because it had not been reported to your employer must be figured in income when you prepare your tax return.

Q — What is a wash sale in referring to the sale of stock?

A — A wash sale usually refers to the sale of stock or securities to your employer for Social Security purposes. It will be recorded on your W-2 statement. Any tip income not included on your W-2 statement because it had not been reported to your employer must be figured in income when you prepare your tax return.

Q — A wash sale occurs when you sell some stock and within 30 days before or after the sale, buy that stock, or substantially identical stock. It is also a wash sale if the purchase was made by your wife or a corporation you control.

The tax significance of a wash sale is that any losses involved are not tax deductible but are added to the basis of the newly acquired stock. You cannot sell stock to take a loss on your tax return and buy substantially identical stock within 30 days. Gains from a wash sale are taxable income.

Q — How old do you have to be before you are required to file a federal income tax return?

A — Age is not the consideration. Anyone with income of \$600 or more, \$1,200 for those 65 or over, is required to file a federal income tax return.

Q — On the gas tax refund, farmers are entitled to, should they be taken as a credit against income tax again this year?

A — Yes, any credit for tax paid on gas used this year for farming purposes should be taken as a credit against your 1967 income tax. In order to claim the credit, a Form 4136 must be filed with your income tax return.

It is the very fact that our days are numbered—that we have a limited period of time in which to do whatever we're going to do in this world—that gives urgency to our choices, dignity to our sacrifices, and meaning to our lives.

Time Strange

Dimension Of Our Existence

By LOUIS CASSELS
United Press International

The approach of a new year prompts reflection on the strange dimension of existence called time.

Poets and other wise men have always recognized that time is both a bane and a blessing.

John Milton called time "the subtle thief of youth."

"That description requires no explanation to anyone over 21. It has a double meaning for middle aged parents, who have learned that time turns children into teenagers, and teenagers into young adults who go away to attend college or marry or serve in Vietnam.

And it all happens so quickly. "His golden locks time had to silver turn," wrote George Peck in the 18th century. "O time too swift! O awfulness never ceasing!"

Moves Slowly

But time does not move swiftly for everyone. As William Shakespeare noted, it "moves in diverse paces with diverse persons." For some it ambles, for some it trots, for some it gallops, and for some it seems to stand still. Those for whom it gallops may rue, with George Burns, the fact that "no man can tether time or tide."

But time is most burdensome to those who find it lying heavy on their hands, and are constantly seeking ways to "sell" it.

There are also good things to be said about time.

As Hippocrates pointed out 24 centuries ago, time is a great healer of wounds—emotional as well as physical ones. It puts in perspective many problems and hardships which on first view seem insupportable. It teaches us lessons about ourselves, about others and about life. And even though it does not always make us wise, it enables us to outgrow at least some of our follies. "Time," said Cardinal Newman, "hath a taming hand."

The most important fact about time, from the human viewpoint, is that it is limited. At first glance, this might seem to belong on the debit side. But many thoughtful people have come to see it as a blessing.

Days Are Numbered

It is the very fact that our days are numbered—that we have a limited period of time in which to do whatever we're going to do in this world—that gives urgency to our choices, dignity to our sacrifices, and meaning to our lives.

In other words, it is death that makes life precious. Most people don't like to think about death. And of course it isn't a good idea to become morbidly preoccupied with it. But a healthy awareness of our mortality can help us to savor each day with the delight and gratitude appropriate to the knowledge that we had no right to count on reaching it and cannot be absolutely sure of seeing another.

Much fuzzy thinking about time stems from a misunderstanding of the eternal life which is promised in the Bible to those who love the Lord and serve mankind.

Eternal life is not a synonym for endless time. As used in the scriptures, it signifies a transition, the nature of which human imagination cannot encompass, from time-conditioned existence in the world of nature to a realm beyond time and space which is the habitation of the God who was, and is, and ever shall be.

For those who believe the promise, this is the ultimate fact about time: We shall not always be chained to it.

Progressive Club Has Dinner Meeting At The Holiday Inn

The Progressive Homemakers Club held its December meeting at the Holiday Inn with a dinner being served.

Members present were Mesdames Betty Wilson, Newton Milan, R. K. Fletcher, Jr., Gerald Cooper, Geddie Paschall, J. D. Tetter, Ted Cunningham, J. L. Rose, and M. D. Hassell.

Mrs. Wilson and Mrs. Cooper presented the devotional part of the program from the 23rd Psalm with prayer being led by Mrs. Cunningham.

The president, Mrs. Paschall, showed the scrapbook she had been making of the club's activities for the year.

During the business session names were drawn for sunshine friends and the group voted to continue the sale of record books.

Mrs. Paschall read a letter from the Red Cross thanking the club for the special project of Christmas bags to Vietnam.

Those Snores Could Break Up Your Marriage

By JOHN A. GAUDIOSI

PHILADELPHIA (UPI) — The guy who coined the phrase "in the still of the night" obviously failed to take into account the cacophony of snorts, gurgles, rasps, hums and whistles unleashed by America's estimated 50,000,000 snorers every night.

Snoring, which develops when inadequate nasal breathing forces the sleeper to open his mouth for air, has plagued mankind through the ages, according to a Philadelphia ear, nose and throat specialist-surgeon, who has observed thousands of snorers of all types and ages in his 40 years of practice.

"It is conceivable that in every dwelling, throughout the world, someone is snoring and gurgling in his sleep," Dr. Albert P. Seltzer said.

Dr. Seltzer said that snoring, while often the butt of jokes, is "certainly no laughing matter." He said it robs non-snoring spouses of sleep, and is responsible for breaking many marriages.

Snoring, or "sawing wood," as it is commonly known, has defied conquest by the inventive genius of modern civilization. Dr. Seltzer said patents for anti-snoring devices have been granted "by the hundreds" by the United States Patent Office, "but none has" enjoyed any notable success.

The physician said that 70 years ago, Svanse Anderson, a Chicago inventor, obtained a patent for his "Mouthpiece for Preventing Snoring." Dr. Seltzer said Anderson explained that the device could be manufactured of wood or horn and would be retained in place by means of an elastic band around the head.

"Back in 1907, people were trying to prevent a snorer from sleeping on his back through the petitive method of sewing a hair brush or other unsightly object to the back of his highchair," Dr. Seltzer said.

The physician said sleep-deprived spouses disturbed by the snoring of a mate could try several simple steps to sidetrack the snorer. He suggested they try tucking a small pillow under his or her neck, using the fingers sharply or prod the snoring sleeper gently in the side with the elbow.

A more direct approach would be to shout in the darkness: "Papa. Ed. I can't stand the noise another minute," Dr. Seltzer said.

The otolaryngologist recommended that chronic snorers seek medical attention to determine whether some form of nasal obstruction such as polyps, a deviated septum or adenoids are at the root of the problem.

Dr. Seltzer, spokesman for the Pennsylvania Academy of Ophthalmology and Otolaryngology, suggests avoidance of overwork and excesses in alcohol and tobacco as means of helping prevent snoring. He also advocated keeping up health to maintain throat tissue tone.

Dr. Seltzer said there are more men than women snorers because the rough-and-tumble nature of a boy's childhood is apt to give him large bumps on the nose than a girl encounters in her childhood.

CHEERFUL CHICKADEES

SALEM, Ore. (UPI) — The friendly little black-capped chickadee is one of the most familiar small song birds in Oregon. During winter when food becomes scarce, these birds are readily attracted to back yard feeding stations where they soon lose their fear of man and become tame enough to alight and feed from his hand.

VENEZUELAN MARKET
CARACAS (UPI) — Venezuela is a federal republic made up of 30 states, one federal district, two territories (Amazonas and Delta Amacuro), and 12 islands in the Caribbean.

Head injuries are the most frequent cause of death in a motorcycle accident, the Public Health Service reports. Most serious non-fatal injuries, however, involve the legs and lower arms.

2nd Time Around Was a Mistake

By Abigail Van Buren

DEAR ABBY: Three years ago I married for a second time, thinking I would have companionship for the rest of my life, but I was wrong. All Ben wanted was a cook and housekeeper. He only wants to go to visit his children and grandchildren. Never mind. Not only that, but he is very close with a dollar. He has a lot more than I have, but he doesn't spend any of his. Only mine. We live in my house, and I pay the taxes and upkeep while he hangs on to his money which he will leave to his children. At age 64 would you advise a separation?

DEAR NETTIE: I would advise a separation-of money, first. If Ben has money, let him spend it. Talk in money syllables. If he isn't any happier with this arrangement than you are, then separate everything else.

DEAR ABBY: I am practically engaged to a guy whose last name is absolutely ridiculous. It has 14 letters in it and nobody can pronounce it. Very few people can remember it, and nobody can spell it, which can not help but be a handicap in business.

He would be doing himself a tremendous favor if he changed it to something shorter and easier to pronounce. I have hinted about this several times but he hasn't taken me seriously. Should I come right out and tell him how I feel about it?

Personals

Mr. and Mrs. Penny Barrow are the parents of a son, Clinton Penny, weighing eight pounds, born on Monday, December 18 at the Murray-Calloway County Hospital. Mr. Barrow, son of Mr. and Mrs. Clinton Barrow, is serving with the U.S. Army in Vietnam. Mrs. Barrow is the former Loretta Jeffers, daughter of Mr. and Mrs. Jack Hopkins.

Mr. and Mrs. Tom James and children have been visiting his parents, Mr. and Mrs. Grover W. James, and other relatives. Mr. James is in the U.S. Air Force and has been transferred to Fort Walton, Fla., from a base in Delaware.

Mr. and Mrs. Paul Beckwith of Rockville, Ohio, have been the birthday guests of her parents, Mr. and Mrs. Cady Caldwell, Lynn Grove Road.

Mr. and Mrs. Fred Clark and son, Rodney, of Franklin Park, Ill. have been the guests during the holidays of their mothers, Mrs. M. O. Clark and Mrs. Pearl Jones.

Mr. and Mrs. Norman Klapp returned home Wednesday after spending the holiday weekend with their son and family, Mr. and Mrs. Gene Fairchild and children, Steve, Connie, Mark, and Matt, of Cove Court, Mo.

Mr. and Mrs. Carl Woodrow Beale, and Mr. and Mrs. James H. Beale and children, Steve and Ann, all of Nashville, Tenn., were the holiday guests in the homes of their parents, Mrs. Kelly Cromwell, Mrs. A. O. Cannon and Mr. Cannon, and their brother, Rue L. Beale and Mrs. Beale.

Dr. and Mrs. Beale Cannon of Louisville and Rex Shackelford of Texas were guests in the home of Mr. and Mrs. A. O. Cannon, North 10th Street.

Mahan-Nemo Wedding Vows Are Solemnized

Miss Ann Elizabeth Mahan, daughter of Mr. and Mrs. Morrow Morgan Mahan of Mayfield, became the bride of Edward Stanley Nemo, son of Mrs. Olga Nemo of Cincinnati, Ohio, and Harry B. Nemo of Las Vegas, Nevada, on Saturday, December 16, at seven o'clock in the morning at the Douglas Boulevard Christian Church, Louisville.

Rev. Hugh M. Riley performed the double ring ceremony and nuptial music was Larry Miller, organist. The bride was given in marriage by her brother, Dr. Robert M. Mahan of Columbus, Ind.

Mrs. Thomas M. Cheaney, sister of the bride, was the matron of honor and Robert S. Nemo, Atlanta, Ga., served his brother as best man.

Following the ceremony a brunch was served to the wedding guests at Stouffers Inn, and the couple then left for a wedding trip to Florida.

The couple will reside in Louisville.

JUVENILE HUNTERS

SALEM, Ore. (UPI) — Hunters under 17 years old are required by Oregon law to possess a certificate of competency in the use of firearms. Hunter safety courses are conducted during the summer in most parts of the state.

THE FUTURE MRS.

DEAR ABBY: You said that if blondes have more fun, maybe they're easier to find in the dark. Well, if that's the case, our Physics teacher is right. He says, "Where there is light, there is heat."

TEXAS STUDENTS

DEAR ABBY: When someone wrote and asked you why blondes had more fun, you answered, "Because they're easier to find in the dark."

Well, that was kind of odd, but you could also have said, "Blondes have more fun because boys get tired of squealing blondes."

Fashionettes

by United Press International
The latest word on the ups and downs of the hemline comes from Geoffrey Beene, the New Yorker who designed the wedding gown of Lynda Bird Johnson and the dresses for her attendants. Beene says that by next fall, hemlines will start lowering. "I cannot say to what extent," he adds. "But over a period of years now, we designers have been working in one proportion (keyed to above knee hemlines). We're tired of it. I think we'll also see loosely belted clothes. Not the cinched waistline, though."

Velvet is an "in" fabric for wintertime dress fashions. And everyone knows by now that the classic turtleneck is all over the place in both men's and women's wear. In feminine attire for the holidays, look for the velvet and turtleneck to be combined in after-five fashions. Wear black velvet if you wish, with black velvet boots cuffed in satin. Or, try black velvet shaped into a cape over a white shirt-dress.

Young Adults Want More Homes With Those Extras

MONTGOMERY, Ala. (UPI) — Young adults hold the keys to the house you'll be buying tomorrow.

Charles Ewing, associate editor of national Journal of Home Building in Washington, D. C., said recently "The increasing income-potential of young adults is causing optimism among builders."

He said high interest rates in 1966 with a "tight" money policy hurt home building last year. "It was the worst year in 20 years for home builders, but the situation seems to be improving everywhere."

"I understand building permits have been up about seven per cent over last year. That is a good indication things are looking up," Ewing said.

He was here for the annual parade of homes to gather material for an article comparing new homes in different parts of the nation.

"People in home building tell me conditions have been steady this year and builders seem enthusiastic," Ewing said.

Young adults got most of the credit. "They have grown up in fairly prosperous times. Many of them have been used to nice homes and they don't want to move into something not as good," he said.

"There were about 1.4 million marriages in the United States last year. Of course, newlyweds may not rush out to buy a house right after the honeymoon, but home ownership becomes more attractive when children arrive. And most of these couples will have a child during the first two years of their marriages," Ewing said.

Ewing said the homes he has seen offer many new features not available a few years ago—such as indoor-outdoor carpeting and paneled garages that can double as extra rooms."

Williamston, a city in Connecticut, is known for the manufacture of cotton gacks.

Household Hints

Put meat shrinkage in cooking by using low to moderate temperatures. The shrinkage is less and the meat is tender, juicy, and uniformly done.

To keep a telephone clean and sparkling, dab a soft cosmetic puff in toilet water, rub on phone surface to remove accumulated fingerprints and other soil. Wipe mouth and earpiece too.

SORRY, DAD

NEW YORK (UPI) — Tuition, fees, room and board charges are rising so rapidly that today's state university senior is paying about 15 per cent more for his education than he did as a freshman in 1964.

That is the conclusion of a study completed by the National Association of State Universities and Land-Grant Colleges. It was found that senior men at public colleges and state universities now are paying an average of \$1,112 for total costs — including tuition, room and board. As freshmen in 1964, they paid \$968.

An investment in Your Future ...ATTEND CHURCH

TIME...

As the old year passes and the new begins, we are more conscious of time itself than we are at any other time of the year.

These are days when most everything is geared to a higher speed. Automobiles are faster, aircraft set new records. Production is speeded up to make the best possible product in the shortest time... but this is a good time to slow down and review the past and to make plans for the future. Think of the past, but only of how you can improve on it. Plan now for the future. Make sure that you will have time for the Lord this New Year. Start now to attend church, make it a regular habit.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Four Games On Tap Saturday; Also for Monday

By United Press International

Four games kick off the big weekend college football Saturday, winding up with the four major bowl games on New Year's Day.

In what is expected to be the closest game Saturday, Penn State and Florida State each place seven-game winning streaks on the line in the Sugar Bowl at Jacksonville, Fla., before a crowd of 70,000.

The 39th annual Blue-Gray classic takes place at Montgomery, Ala., East meets West in the annual Shrine game at San Francisco and Mississippi meets Texas

in the Sun Bowl at El Paso in other Saturday contests.

On Monday, Southern California is a 14-point choice over Indiana in the Rose Bowl; Louisiana State is favored by seven over Wyoming in the Sugar Bowl; Tennessee is six over Oklahoma in the Orange Bowl night contest, and Alabama is picked by six over Texas A&M.

Strong Passing Attack

Florida State presents a potent passing attack in quarterback Kim Hammond and flanker Ron Sellers. Hammond, completed 140 of 241 passes for 1,991 yards and 15 touchdowns in guiding Florida State's Seminoles to a 7-2-1 record. Sellers, a rangy 6-foot-4, grabbed 70 passes for 1,238 yards and eight TDs.

Penn State's Nittany Lions displayed a balanced attack in running up an 8-2 mark, but have lost Don Abbey, their first string fullback and placekicker. Quarterback Tom Sherman enters the game with impressive credentials—104 of 205 completions for 1,516 yards and 19 TDs this season.

John Schneider of Toledo, fourth in the nation in total offense, will start at quarterback for the favored Blue. John Scovell of Texas gets the nod as signal-caller for the Gray, which also has a top pass-catcher in Bob Goodridge of Vanderbilt.

The nation's football television addicts are already looking forward to the extravaganza on New Year's Day with about nine hours of football on TV covering the four major bowl games.

Blue Picked Over Grey In Bowl Game

MONTOOMERY, Ala. (AP) — A

burly Blue team, led by two of

the nation's total offense leaders,

is favored to come out on top

Saturday in the 30th annual Blue-

Gray football classic against a

smaller but quick South team.

John Schneider of Toledo, fourth

in the nation in total offense

this season, beat out the na-

tion's leading offensive star, Sal

Olivas of New Mexico State, for

the starting quarterback assign-

ment on the Blue squad.

Expected to quarterback the

Gray team is John Scovell of

Texas Tech, who will benefit from

the services of the nation's No. 1

pass receiver, end Bob Goodridge

of Vanderbilt who caught 79 pas-

ses this season.

Kickoff at Crumpton Bowl in the

nationally televised CBS game will

be at 1:30 p. m. EST.

The Gray team has a powerful

runner in Georgia fullback Ron-

nie Jenkins, but the 225-pounder

may find the going tough against

the mighty North defensive line

which is anchored by guard Way-

ne Meylan of Nebraska.

The Blue defensive unit is solid

all the way through, with men

like 276-pound end Russell Wash-

ington of Missouri, linebacker John

Perkins of Notre Dame and half-

back Dick Anderson of Colorado.

Linebacker, D.D. Lewis of Mis-

sissippi State, halfback Fred Combs

of North Carolina State and 240-

pound tackle Greg Pipes of Regi-

on are the big names defensively

for the Grays.

Strong Tennessee Vols Fall To Iowa; Knocked From Unbeaten Ranks Last Night

By VITO STELLINO

UPI Sports Writer

Tennessee was supposed to have

a date with doom in the Los An-

geles Classic—but not with Iowa.

The sixth-ranked Vols, unbeaten

this season, were expected to

meet top-ranked UCLA in the

finals of the tourney Saturday

night—before they were supposed

to suffer their first defeat.

But now the Vols won't even

get a chance to meet UCLA. Ten-

nessee suffered its first loss of

the season at the hands of un-

ranked Iowa in a 64-59 overtime

stunner. Thursday night in a

first round game.

The Iowa upset highlighted a

heavy night of holiday tourney

action around the nation along

with a pair of dramatic semi-

final games in the Holiday Festi-

val at Madison Square Garden—

Columbia's 74-67 upset of Louisi-

ville and St. John's 60-57 triumph

over Boston College. There was

also a key upset in the Big Eight

tourney as a tenth-ranked Kan-

sas was spilt by Oklahoma State

79-67.

Clear Field

With Tennessee eliminated from

contention, UCLA should now be

able to name the score of its 41st

and 42nd straight victories to-

night and Saturday night, UCLA

plays St. Louis tonight and then

will meet the winner of the Iowa-

Wyoming game in the finals Sat-

urday night.

The improbable Iowa-Wyoming

contest was set up when Wyoming

upset Southern California 79-73 in

the other Los Angeles Classic game

Thursday night.

Dick Jensen, who scored just

five points in regulation play, add-

ed four in overtime as Iowa out-

scored the Vols 11-4 after the

teams were tied 53-53 going into

the extra period. Sam Williams

led Iowa with 26 points while Bill

Justus paced Tennessee with 24.

Reserve guard Bob Wilson hit

a pair of free throws with just

14 seconds remaining to give Wy-

oming its triumph over USC. Har-

ry Hall scored 24 for Wyoming.

The Columbia-Louisville contest

was a pairing of an Ivy League

underdog team against one of the

nation's leading powers and the

Ivy League team out on top.

Dave Newark, playing only a-

bout half the time because he was

bothered by the flu, made a key

hook shot and two free throws

in the final two minutes to lead

Columbia to the victory. The 7-foot

center sank the hook over Louisi-

ville All-America Wes Umeed to

give Columbia a 68-67 lead.

Close Contest

The battle between ninth-rank-

ed St. John's and eighth-ranked

Boston College was a tight strug-

gle all the way with four foul

shots by Rudy Bogard and two

more by Joe DePre in the last

52 seconds finally enabling St.

John's to come out on top.

SOURCE FOR NOVEL

Front Street in Castletown is the real-life counterpart of the riverfront street described in Edna Ferber's "Showboat." The Castletown street was known in showboat days as "Bloody Front," and it had 21 saloons. The counterpart of the novel's street was the Cotton Blossom Floating Theatre, which made regular stops at Castletown.

MY DEAR MISS WHEELER

You will by this time have had the tragic news of your husband's death. I knew him, and I now write to tell you how much and with what affection he spoke of you and his son.

NOTICE

The evening was very quiet. Almost no sounds came from the street or the Market Square. After the long day of celebration and emotional turmoil, people were tired. They were too exhausted to be able to stand long activity. But tiny from across the street Elizabeth could hear the sound of an organ. Amy Brown was playing in the Brown parlor.

Shall we gather at the river. Where bright angels' feet have trod.

The sentimental tune would remind Elizabeth of the place of the Market Square, and the deadly river that had flowed over it, certainly not one marked with angels' footprints.

What Is Best Way For Sex Education

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI) — In this era of the sex revolution, what kind of upbringing is the best way to guarantee your son or daughter will choose chastity?

I put the question to the Rev. Ernest Gordon, since 1964 dean of the University Chapel, Princeton University.

"By example," he answered. "It is obvious undergraduates respond to models of morality."

And, mom and dad, you give the example by being loving parents. Dean Gordon said there's no question. Young people respond to persons with higher convictions. The new chastity, according to the dean, really is better than the old chastity. The latter was based on fear of getting a girl in trouble, on fear of coming down with VD, on fear of the consequences of breaking one of the "thou shalt nots" in the commandments.

Double Old Rule.

Dean Gordon doubts that the old chastity was truly moral since it was based on fear instead of freedom without coercion.

The pill, superdrugs for VD and other developments really have made the young people free to make choices. Dean Gordon has no doubts that young people with strong models of morality at home, coming from a background of trust, have the best chance of favoring the new chastity.

Dean Gordon, in a report pre-
